PARADERS HAIL ON-COMING PROSPERITY

"Better Times" Party Success At Pittsburgh

Thousands Line Streets And

Burying Of "Hard
Times"

BRILLIANT FLOATS FEATURE PARADE

(International News Service)
PITTSBURGH, June 3.—Old
man "hard times" lies in a mock
grave today with none to mourn
his passing.
Even his one and only pal,
a chap named depression, is so
groggy today—punch drunk, if
you please—that he can't worry
about anything but himself.
It all happened last night, when
Pittsburgh, turning out en masse on
proclamation by Mayor John S.
Herron, staged its "better times"
party.
There was a parade—a funeral
march for the burial but it had
none of the earmarks of a fun-
eral. Quite the contrary. Practi-
cally everybody and his country
cousin turned out for the event,
either to participate in the march,
or to cheer the "mourners" on.
Brilliantly decorated floats gal-
lantly replaced sedate funeral cars
for the affair. More than 100 civic, fr-
aternal, national and commercial or-
ganizations were represented in the
line of march.

SCHOOL TEACHERS ARE ELECTED AT BOARD SESSION

(Continued From Page One)
W. W. Duff. "It is the idea of a
school teacher getting regular sal-
ary from the taxes of the people of
New Castle and then refusing to
pay the taxes assessed against her.
I would deny election to such teach-
ers."

J. H. McIlvenny expressed himself
in a similar vein and offered an
amendment to the motion to elect,
which would have withheld con-
tracts from teachers appearing on
the list of unpaid taxes for which
exoneration was asked. He first
offered an amendment which would
have refused contracts to such
teachers. Later he changed it to
read that all teachers on the ex-
oneration list would not receive con-
tracts until they had made some ex-
planation. Treasurer L. W. McClung
will be asked to furnish a list of
teachers who were on the exonera-
tion list and before they are given
contracts to sign they will have to
give the board some reason for their
failure to pay their taxes promptly.

Battle On Cuts
President Daniel E. Woolcock
brought up the one matter which
precipitated a lot of argument and
was only lost by a 5-4 vote. He said
that in his opinion, teachers in the
high schools who were receiving
more than the minimum-maximum
of the Edmonds Act should be cut
back to the legal salary and then
the twenty per cent taken from that.
He had reference to about 32
teachers who have been rated at
\$2400 per year. Their higher rate
of pay was set some years ago
when other school districts were
raising the New Castle system for
teachers and to induce them to
stay, \$200 was added. The maxi-
mum which the board has to pay a
high school teacher is \$2200 under
Edmonds Act.
When the twenty per cent volun-
tary contribution was made a
year ago by the teachers, it was
made on a basis of 20 per cent of
\$2400. This year the budget was
figured the same way but Woolcock
insisted that to pay the 32 teachers
\$200 more than the law called for
was an injustice to younger teach-

ers who have not yet reached the
maximum but whose added incre-
ments of \$100 each is suspended.
Hazen and Hyde raised the ques-
tion of the legality of cutting the
schedule back to \$2200 when the
budget had been submitted to Dr.
James N. Rule and he had per-
mitted the cuts now in force to be made
on the basis of that budget.

Check Decision
The decision of Dr. Rule was
checked and found to be based not
on the budget figures of 1932-33
but on the School Code. This ap-
peared to make it permissible to
cut the 32 teachers back to the limit
of the Edmonds Act and Woolcock
pressed his point.

Said Hyde "I am still afraid we
might get into difficulties if we take
such a step. Hazen said he also
thought it might lead to difficul-
ties.
"I'm not afraid of any conse-
quences if we cut these people back
to the limit the law permits," said
Bauman and McIlvenny uttered a
similar conviction.

Mrs. J. C. B. Douthett then offered
the amendment which would have
placed all high school teachers on
the Edmonds Act basis before the 20
per cent cut was made. A. W. Bau-
man seconded the amendment and
more discussion arose as to what the
effect of such a step might be.

Mrs. Elliott doubted the wisdom
of the step if it would affect the
moral of the teaching force. Final-
ly Mrs. Douthett said she would
withdraw her amendment if the
second would withdraw his action.
Bauman refused to withdraw his
second and the matter went to a
vote. It was defeated by a 5-4 vote
with the vote showing as follows:
For the amendment, Bauman, Mc-
Ilvenny, Douthett and Woolcock.
Against the amendment, Cleland,
Duff, Elliott, Hazen, Hyde.

Discuss Principals
Again there was a delay in the
election of the teachers when the
matter of principals came up. Hyde
said that he felt that Miss Nannie
Mitchell, principal of Mahoning
was enjoying an advantage over
other principals in that she is being
paid at the same rate as he is but
has only one school. Other prin-
ciples have two and some of them
three.
This was settled when it was de-
cided to relieve Roy G. Leslie of
the West Side School and let him
care for Highland and McGill and
the West Side school is added to
the Mahoning for the supervision
of Miss Mitchell.

MATTER STARTS ON WORLD FLIGHT

Stop In Moscow
From Moscow, Matern plans to
dash to Yakutsk in the heart of
Siberia. From there, he will attempt
a non-stop leg of the flight to Ed-
monton, Canada, the longest stretch
of his proposed route. From Ed-
monton, his course will take him to
Chicago, and thence back to Ben-
nett Field.
Tentative stops at Nome and
Fairbanks, Alaska, were included in
Matern's itinerary but with good
luck he hoped to skip both.
Matern's plan, powered with a
600 h. p. Wasp motor, has a top
speed of 200 miles per hour and a
cruising speed of 150 miles per hour.
It was not equipped with radio. To
add to its stability, the rudder was
enlarged and the front landing gear
shortened.

from various committees.
It has been reported that Jake
Rantz is hoping to organize a Past

remembers who the vice presidents
are, it will be necessary for them to
make it known to Jake themselves.
At the conference in Beaver Falls
the vice president was defined as
the space between the spokes on the

space.

TO PENITENTIARY IN MELYNK CASE GUNMAN IS SENT

(Continued From Page One)

Melynk was seriously wounded, a
portion of his body being paralyzed
by the shot. He is still in a serious
condition. The trial showed that
there were no grounds for the sus-
picions of Kazamczak in connection
with the handling of the property,
as it had been done in a proper
manner.

Goes To Workhouse
Mrs. Carrie Martin, colored, of
Mahoning avenue, convicted of
manslaughter in connection with the
shooting of Joseph Kunierczyk, was
sentenced to serve from four to eight
years in the Allegheny county work-
house.

Josephine Dennis, charged with
possessing liquor, was sentenced two
months in the county jail.

Sentence was suspended on
Helen Triplett, charged with a vi-
olation of the motor fuel act.

When Mrs. Carmello Paolise, wife
of Jim Paolise, came up for sen-
tence her attorney stated that when
she was arrested the police had
found three bottles of liquor in the
drawer of a desk. The police had
gone to the house for her husband,
but he was not there.

Mrs. Paolise put up \$1500 cash
bond for her appearance at court,
and when she went to Youngstown
and did not appear, the bond was
forfeited to the county.

A doctor's certificate was present-
ed showing that Mrs. Paolise is suf-
fering from dropsy and kidney
trouble, and that anything that was
liable to excite her might prove se-
rious.

Judge Hildebrand stated that in
view of her physical condition he
would suspend sentence, on condi-
tion that she pay the costs, and
that no effort be made to get back
the money which had been forfeited
on the bond.

Peter Kakonros, who was found
not guilty in connection with the
death of John Slavos, on which
charge he was tried for manslaughter,
was sentenced to pay the costs in
the case. The death of Kakonros
resulted from trouble which the men
had near a restaurant on the dia-
mond. Slavos struck his head on
the pavement when he fell, and it
was claimed that this was the cause
of death.

course of the present fiscal year,
that expenses of the department
would be reduced 90 million dollars.
The two-cent postage rate on first

near future, the postmaster general
predicted, but gave no definite date.

He stated that the April business
of the postoffice showed a tremen-
dous increase, and that May business
was also expected to show a sub-
stantial growth.

It is his ambition to make the
postal service self-sustaining, which
has only been achieved during ten
years of the history of the post-
office department.

One of the features of the celebra-
tion yesterday was the air circus put
on by Capt. Oakley Kelly of Ran-
dolph field, Texas; Donald Van Tas-

In the evening a historic pageant
depicting the growth of Grove City

dedication ceremony lasted one hour,
following which the Farley party
left for the farm of Mrs. Carol
Miller on Wolf creek. A short re-

McGee had worked here as a

and is an ex-convict from the Ore-

He is sought in Kansas for several

Reppert disclosed that he learned

RESUME MORGAN PROBE MONDAY

the intervening years. Under his
own rule to withhold half the pro-
fits in the firm's treasury. Morgan
also has piled up millions of dollars
upon his original investment.

Morgan has taken virtually one-
fourth of all the firm's divided pro-
fits since 1916. During that period
the partnership paid \$51,338,900 in
income taxes and it would be fair
to assume that Morgan paid around

one-fourth or about \$12,500,000 of
this total. In that event, his in-
terest during the 17 years must have
netted him close to \$75,000,000.

Recess Till Monday
The senate's sensational banking
inquiry stands in recess until Mon-
day. Then it will be reconvened to
probe the income taxes of several
Morgan partners and to turn the
spotlight on the firm's tremendous
railroad holdings. The evidence will
reveal the House of Morgan as own-
ing one of the great railroad empires
of the world, just as J. P. has been
shown to rule the largest utility em-

ART CLUB PICNIC ENJOYABLE EVENT

Picnic of the members of the Art club together with the members of their families was an event of Friday afternoon and evening at the Claudia Virginia Trees Farm of the Brashear Settlement association, located near Harmony.

Approximately seventy people were in attendance and through the efforts of Mrs. John A. McNeill, the president and her various committees had a most enjoyable time.

The earlier hours of the occasion were spent in inspecting the property while many of the children enjoyed themselves swimming in the Connoquenessing or on the extensive playground equipment of the place.

Picnic dinner was served in the recreation hall shortly before seven o'clock and Rev. W. W. Sniff pronounced Grace as opened. During the course of the dinner, pep singing was conducted by Mrs. McNeill with Mrs. Grace M. Greer as accompanist.

Following the dinner, Mrs. S. D. Pearson gave an interesting brief history of the Claudia Virginia Trees farm, the scene of the picnic, and how it had become a possibility through the efforts of Mrs. John M. Phillips of Pittsburgh, wife of the man for whom the Boy Scout camp is named, and its purpose, that of furnishing children and mothers of the Pittsburgh congested district with a delightful and healthful summer vacation. She also explained the part that Lawrence County club women had in planting trees along Memory Lane in the farm.

Games were then entered into by the entire group and numerous members of the group were awarded prizes. The success of the affair was due to the following ladies and the members of their respective committees: Mrs. John McNeill, president, Mrs. Roy F. Conway, chairlady of the dinner committee; Mrs. F. L. Burton, chairlady of the entertainment committee; Mrs. Irvine A. Balph, chairlady of the transportation committee and Mrs. H. K. Bell, chairlady of the telephone committee.

J. O. Y. CLASS HAS DEPRESSION PARTY

Most unique was the "depression party" held at the home of Mrs. Edward Longacre, 222 Laurel avenue by members of the J. O. Y. Class of the First Baptist church, Mrs. W. O. Williams, teacher, Friday evening.

The hostess read the scripture and prayer was offered by Mrs. Hazel Earl. Plans were formulated for a Mothers' dinner to be held in the near future.

A variety of interesting games and contests in keeping with the "depression" idea afforded much in the way of amusement. A special feature was the group of songs rendered by Mrs. Elizabeth Davis accompanied by Mrs. Mabel Truby at the piano. The latter assisted the hostess in serving a very delicious collation at the close of the evening.

Special guests were Miss Sue Ann Casella, Mrs. Moore and Miss Audrey Maxwell.

Their next gathering will take place Friday July 7.

Myers-Bees Nuptials

On Tuesday, May 30, at high noon using the impressive ring ceremony, Rev. Clyde L. Myers of Hickory, united in marriage his cousin Miss Frances Myers and Paul Bees. Their only attendants were Miss Helen Cotton and Chester Bees, this city.

The bride, the daughter of Mr. and Mrs. Charles W. Myers of Princeton was graduated from the New Castle Senior High school with the class of '28 and from Slippery Rock State Teachers College in '28. Since that time she has been a teacher in the local schools.

The groom, a son of Mr. and Mrs. R. W. Bees of Huron avenue attended the local Senior High school and at present is affiliated with the Universal Sanitary Manufacturing Company.

In the near future they will take up their new residence near this city.

Honored At Parties

Mrs. Ralph Manley, of Williamsport, who has been visiting with her mother Mrs. J. R. Mears on Butler avenue the past week was honored Friday at three delightful parties.

The first event was in the form of a 1 o'clock luncheon at the home of Mrs. Gomer Emery on Adams street. Ten guests participated. At 6 o'clock in the evening Mrs. William Nolte of Cumberland avenue was hostess at a nicely appointed dinner in her honor with an informal social time following. At 9 o'clock Mrs. Manley was again honored at the home of the Misses Mildred and Laure Cowmeadow on Beckford street who entertained at their residence. Mrs. Manley returned to her home today.

HIGHLAND GIRLS BANQUET MOTHERS

Among the late mother-daughter events of the spring was an interesting one held Friday evening in the dining room of Highland United Presbyterian church, with places arranged for the members of the O. U. R. class, taught by Katherine Dickson, and their mothers, with pastel shades used in appointments and irls in the centerpieces.

The invocation was asked by Frances Shaw and Charlotte Withers led the pep singing with Mrs. J. L. Reed at the piano. After a delicious menu had been served by members of the Baldwin Bible class Miss Burden Johns acted as toast master and the program opened with a duet, "Mothers Have Their Prayers," Frances Williamson and Beulah James, accompanied by Mrs. Reed.

The toast to mothers was given by Charlotte Withers, president of the class and the toast to daughters was given by Mrs. Carrie Jeffries Roberts. Katherine Dickson gave a talk on "The Home" and the latter hours were given over to games, conducted by Marian Berglund.

MR. AND MRS. WHITE HONORED AT PARTY

A pretty family affair of Thursday evening was the reception in the home of Mr. and Mrs. S. A. White, Boston avenue, when they held a reception in honor of Mr. and Mrs. Lynn A. White, a bride and groom of recent date, she having been Helen Reynolds.

As the guests arrived they were greeted by Mr. and Mrs. White and a period of sociability ensued, after which games of an amusing nature were played and prizes went to William McKim, Reynolds, father of the bride, and Billy Reynolds. The honored couple was presented with many lovely gifts.

Mrs. William Reynolds, mother of the bride, and Mrs. F. F. Semple of Pittsburgh aided the hostess in serving refreshments from tables attractive in orchid and gold, with summer flowers used lavishly in decoration.

Guests were present from Pittsburgh, Enon Valley, New Bedford and Girard, O.

West Pittsburgh Wedding

A wedding of interest locally was performed Thursday morning at the Holy Cross church of that vicinity when the Rev. Fr. Francis Miller united in marriage Miss May Cuhnan, daughter of Steve Cuhnan to Michael Edward Kapraly, son of Mr. and Mrs. Joseph Kapraly, all of West Pittsburgh. The ring service was used and the vows exchanged at 10 o'clock in the presence of a large gathering of relatives and friends of the couple. Mrs. Margaret Slate rendered appropriate music.

The bride was attired in a white gown with train and veil and carried an arm bouquet of calla lilies. Miss Kathryn Cuhnan, a sister of the bride was maid of honor. The following acted as bridesmaids: Misses Julia Kapraly, Elizabeth Vargo, Margaret

All Of Us

INSTINCT IS RIGHT
I BELIEVE in instinct.
It is our deeper wisdom.
Perhaps that's not the right word for it.

Some of the psychologists don't use the word any more. They've abandoned those old terms like the "instinct of self-preservation," and the other instincts. They think they don't exist.

But just the same there is something within us that defies words, defies the microscope, defies any measuring device, and that's the thing in which I believe.

I think it's true. I think it's our best guide.

Some people say, "You must think things out, you must think them through." All right. Yes. . . . Think things through if you wish. That's good exercise for the mind. But the mind isn't the last word much as we respect it. The last word is what you must deeply FEEL. It is the final statement of that instinct within for the right thing, for the right way of acting.

You can contradict and deny the decisions of your mind and you will not suffer. But if you deny your proper instinct, then you will suffer and regret all the rest of your days.

I know it. I've tried it out. I've had a hunch and refrained from following it—because I was ashamed or because my mind told me it was foolish—and I've lived to be sorry. I've had a hunch and followed it—and even though the immediate result seemed disastrous, I have had no regret.

That instinct within us is brave and decent and wise. It seeks the truth, it leads on to perfection. It is for me quite indescribable. I cannot find the exact words for it, I can merely fumble around and approach it more or less vaguely. But I know it is there—like a little blue wild bird's egg in a hidden nest, like a quietly burning candle on a dim altar. And I know it is right . . . for me . . . for you . . . for everybody.

Insurance Of Bank Deposits Supported By Many As Sound

Public Is Divided On Question But Recognizes Widespread Demand For Some Measure Creating Permanent Confidence In Banking

Progressive support for the policy of insuring bank deposits can be observed in the discussion which this plan has aroused. State experiments are found to have been inadequate by some, but it is suggested that national insurance may tend to unification of banking interests and an improved system. Many advise better supervision of all banks and good management as the best assurance to depositors.

Distinction between government guarantee and insurance is emphasized by the SPOKANE SPOKESMAN-REVIEW, referring to the President's desire that "when the government takes the new liability, the money to pay for it should be provided." The RICHMOND NEWS LEADER holds that the "justification for such a risky step is the fact that virtually all the banks that have been licensed to reopen since the holiday are in good condition, and already are insured, in effect, by the policy of the Federal Reserve system. The paper feels that an effect of the banking changes will be to 'stop the shift of deposits from small and medium-sized banks to the larger institutions.'"

Describing it as "a co-operative effort of the banks and the government," the LOUISVILLE COURIER-JOURNAL feels that "the bankers should welcome the plan as a relief to them from lying awake nights, fearing runs." The ASHEVILLE CITIZEN finds sentiment that "it is the one thing that could certainly re-establish full confidence," while the NASHVILLE BANNER records that "public opinion, which has been indifferent, doubtful or antagonistic, has experienced a radical change since the bank debacle." The YOUNGSTOWN VINDICATOR points to "needed restrictions" in banking that are provided, and adds that, if "all banks were required to belong to the Federal reserve system, it would be better than direct guarantee."

The ROCK ISLAND ARGUS sees benefit in relieving bankers "of fear of their depositors," and removal of "the necessity for extreme liquidity."

"The insurance feature" in the opinion of the HOANOKO WORLD-NEWS, "may serve as the entering wedge for a really unified banking system," and that paper suggests that "if properly administered, only really sound banks will be admitted to the insurance provision." On the banking bill as a whole, the World News comments: "It fills many of the holes in American banking practice, for which no one promises for this country as safe and secure a system as is to be had in Canada or Great Britain, neither of which has had a bank failure during the depression. To secure enactment of much-needed reforms, Mr. Glass has had to rely on his views on guarantee of bank deposits, for which Chairman Steagall of the House committee has long contended, a plan that penalizes sound, conservative banking for the protection of the wild cats who in such countries as England would not be permitted in the banking business."

"Nobody has yet suggested," according to the JERSEY CITY JOURNAL, "a more practical or certain way of winning the confidence of the average layman than by insuring the money he intrusts to the banks." Going back to efforts made in the Wilson administration by Senator Hitchcock, the OMAHA WORLD-HERALD advises that "had an insurance fund been created at that time, largely out of the profits of the Federal Reserve system, subsequent banking panics might have been averted." That paper quotes Senator Vandenberg as believing that, under the proposed system, "the smaller banks would be made virtually 100 per cent sound and the confidence of small depositors would effect a great release of credit." The LIMA (OHIO) NEWS thinks it will "hasten economic recuperation."

Advising that "it should be made much more difficult to start a bank," the FORT WORTH STAR-TELEGRAM contends that "the public would generally prefer a tightening of requirements rather than a guarantee of deposits," and concludes: "Public assurance and deposit insurance are two very different subjects. The former can more readily be brought about by stiffening the bank organization requirements than by the more or less familiar insurance premium method tried in many states by banks operating under state charter and proven a failure in each instance. Texas was one of the states." The INDIANAPOLIS NEWS forecasts "the forcing of state banks into the Federal Reserve system," and declares: "The plan puts the banks in the hands of the government, and, in event of a depression, the government's credit in the hands of the banks." The NEW YORK TIMES concludes: "No insurance scheme, however carefully devised, can be an adequate substitute for a sound banking system. It is, in fact, merely an invitation to bad banking. The shocking record of failure over a long period, and particularly during the last three years, has shown the necessity of reform, particularly at two important points: (1) requirement of compulsory membership in the Federal Reserve system and (2) permission for strong institutions to employ the methods of branch banking which have been used so successfully in Canada and England."

The BOSTON TRANSCRIPT argues that "time and again it has been proved that the chief result of a deposit guaranty is merely to put a premium upon imprudent

The World AND THE Mud Puddles

ONLY AN IRISHMAN

The World War was productive of many interesting stories. Book after book has been written containing the reactions of literary writers to life in the camps here and overseas, but every once in a while a new story is told—one that has never been told before. One was related to me by an Adjutant concerning Colonel Fuller, now Major-General Fuller, head of the U. S. Marines.

Fuller had a very different viewpoint of a soldier's life from that of the late Chief of the Marines, Major-General Smedley Butler, as the story will show.

It seems that a red-headed Irishman, prior to going overseas proceeded to show Philadelphia a thing or two. While on shore leave, he got unapologetically drunk. He wrecked a very expensive furnished bar. It took nine policemen to get him into the patrol wagon. The matter was, of course, reported to Colonel Fuller. The Adjutant (the story teller) was present at headquarters on the morning that Colonel Fuller read the report. He saw Colonel Fuller grin and finally explained:

"Nine policemen to take one U. S. Marine in charge? Good Lord, I did not think he had it in him. Give him thirty days without leave."

The red-headed Irishman gave a good account of himself overseas. Nothing ever stopped him. It would have taken a company of French Chasseurs to ever take him in charge and Colonel Fuller knew it; that was the sort of man he wanted in the U. S. Marine Corps.

But just imagine what would have happened if Smedley Butler had been the Commanding Officer of that Marine.

SIMPLE MEMORIAL FOR CALVIN COOLIDGE

IT IS significant that the family of the late Calvin Coolidge have decided to place a simple granite monument over the remains of the former President. Engraved on the stone will be the seal of the United States, the name of the deceased and the dates of his birth and death.

Nothing could be more characteristic of the popular Executive than this modest marker. It would probably be exactly what he would have chosen if he had a hand in the matter. Any large or ostentatious memorial would be entirely out of keeping with the life and character of Calvin Coolidge.

Some day enthusiasts may wish to erect an elaborate monument over the grave; but we are sure that it will never be done with the approval of any Coolidge.

GOOD BRAKES ESSENTIAL

"My estimate is," said one of our more experienced automobile men in a recent interview, "that fully one-third of America's 26,000,000 cars are running around with brakes out of adjustment or dangerously worn." Surely the proper kind of brakes is one form of insurance that there is absolutely no excuse for doing without, for they are actually a first defense against accident and possible injury or death, both for oneself and for others.

The increasing number of women drivers adds to the need for perfect brakes, not because the members of the gentler sex are necessarily less proficient in control of the car, but because their physical strength is not as great as that of man. When a sudden stop is necessary for safety reasons, a woman driver should not find it necessary to tramp the brakes desperately, with only a gambler's chance that she can win.

This is not a sales talk for brake adjustment or brake linings, but it does represent facts that dealers might, with perfect honesty, bring to the attention of the people in their advertising.

THE SKIES CLEARING

Chairman Jones of the Reconstruction Finance corporation reports that agricultural loans now are being repaid at the rate of \$100,000 a day.

This is the most convincing evidence yet seen that the agricultural situation is undergoing improvement. It means that the farmer is getting better prices for his products, which in turn indicates increasing demand.

This was not the only encouraging feature of the report, however. The banking situation was shown to be steadily improving. Banks closed during March were reported to be reopening at the rate of 125 a week, and approximately one-third of the loans made by the corporation to banking institutions had been repaid. Requests for loans from the corporation were declining.

The entire report reflects material business improvement in various directions. The corporation, through its activities, is in an especially favorable position for obtaining reliable and accurate information concerning conditions. Its reports, therefore, are of high value in showing what is taking place.

JAPAN'S DEMAND

Japan now throws a monkey wrench into the machinery of the disarmament conference by demanding a larger navy than that permitted her under existing naval agreements.

This action by the Tokyo government must increase the concern of those who hoped that the Geneva conference soon might be able to reach an agreement. To any who have followed Japan's international policies, though, it should cause no surprise.

Japan doesn't need a larger navy to complete her undertaking in China, even though this enterprise contemplate the absorption of the whole of China. The fate of her operations there will be decided on land and not on sea. China has no fleet with which to defend her ports or to attack Japan's coasts.

The possibility of a conflict with Russia hardly can be looked on as the real cause for her desire to enlarge her naval forces. The Russian fleet is too small to play any important part in a conflict with Japan.

The only logical explanation of the Tokyo demand is that Japan is looking far ahead. She must realize that already she is looked upon with distrust by the rest of the world and that continued pursuit of her unjustified aims in China eventually will make her virtually an outcast. Then there is the possibility that, in order to complete her Chinese venture, she may find herself in a clash of arms with some of the other powers.

There are plenty of possible reasons why she might desire to increase her navy. Her defiance of the League of Nations and of world opinion has cast a haze of uncertainty over her future. Having successfully, so far, pursued her imperialistic policy in China, there may be other directions in which she would like to expand. She has proved by her actions that she is not a sincere lover of peace, whatever her officials may say to the contrary.

The Japanese move came at a time when the atmosphere at Geneva seemed to be clearing.

It threatens to complicate the problem before the disarmament conference and is likely to prolong the latter if not to defeat its purpose entirely.

FREE—A DOLLAR BILL!

Bruce Brewer, an executive of a big national advertising company, is authority for the following test of the value of advertising made by a country merchant who thought no one read his ads.

To convince him, the editor suggested writing an ad with a lot of copy in it, such as the merchant believed "nobody read," and somewhere, buried in the copy, offer a dollar bill to every one who reads the ad and brings it to your store. If you do that, I will run the ad free, just to prove folks do read advertisements."

In spite of the warning of the editor that it would cost money, the merchant accepted the challenge.

The ad contained so many words that it had to be set in type even smaller than that of the regular reading matter, but, buried away down in it was this offer: "To every one who brings in this ad we will give a one dollar bill." That was all that was said about the dollar.

The newspaper had not been out an hour before the store was full of people waving copies of the ad. The experiment cost that merchant nearly \$500, but it proved to him, as nothing else ever had, that subscribers to the newspapers read it from end to end and everything in it.

Paraphrase by the paternalist: "The government at Washington still gives—and gives and gives."

BUTTONHOLERS

One of the worst bores is the one who insists upon talking when the one addressed indicates that he or she is in a hurry, or must give attention to other matters.

The insistent talker buttonholes the one he wants to have listen to him.

Sometimes he even steps in front of the one trying to get away.

Visitors to the greatest offenses of this sort are committed. The man on a vacation, the unemployed, the one who has something to sell, are among those who impose upon the time of man at work in his office.

Some salesmen evidently think that an order will be given to get rid of them if they can be persistent enough.

In easy money days this might have been true occasionally, but not now.

The insistent, persistent salesman irritates, and the longer he talks the farther he is from a sale.

Friends should not stop in a place of business for a little chat or visit.

Time is important.

More time to study requirements and plan for procuring business is necessary.

Those in executive positions are not in the mood for small talk or to discuss subjects foreign to their line of business.

PURPOSE

We plague ourselves with endless needs.

We build our hopes and dreams on things;

We seek in muscle-straining deeds A satisfaction prowess brings.

In pomp and pride The world we stride.

And call it failure to be meek, While day by day Along life's way

Are countless joys we need not seek.

So thick with wants we've sown our years

That few of us brief rest can find.

WASHINGTON TO HONOR MARTIN

Homecoming Tribute To Be Accorded Gen. Edward Martin On June 8

Invitations have been received by several local citizens to attend the Homecoming Dinner which is being tendered General Edward Martin in his home town of Washington, Pa. on Thursday night, June 8. The dinner is sponsored by Washingtonians with Judge Howard Hughes as chairman. The chairman of the invitation committee is M. B. Horner, principal of the Washington schools.

Because of the fact that General Martin is a figure in Pennsylvania politics, being a former state treasurer and auditor-general and the present state chairman of the Republican party, it might be thought that this dinner was a political affair. Actually the invitation list includes Democrats as well as Republicans and those who do not receive invitations are welcome to attend.

The dinner is in the nature of a testimonial from the citizens of Washington to General Martin and will probably be largely attended by men and women prominent in Pennsylvania affairs from every part of the state.

Borough Will Not Accept Scrip Of School District

Plea Of Local Merchants To Accept Scrip Is Defeated By A 5-2 Vote

RECOMMENDATIONS OF ATTORNEYS FOLLOWED

ELLWOOD CITY, June 3.—A definite announcement was made by the Ellwood City borough council opposing the acceptance of scrip issued by the local school district, last night, when a plea and petition of the merchants' division of the Chamber of Commerce to accept the scrip was defeated by a 5-2 vote of council. Councilmen William McGillicy and John Tillia were in favor of accepting the scrip.

Stirring pleas were made by Charles Taylor and Paul Grannis in behalf of the merchants. They presented a petition that not only held the signature of the merchants, but also of the manufacturers, professional men, ministers and housewives of the community. The petition requested that council take a vote on the matter and settle it once and for all.

Following this plea Councilman G. H. Morrison, chairman of the finance committee, presented an opinion from City Solicitor Robert M. White of New Castle, which was approved by the local borough solicitor, Joseph Humphrey. The opinion opposed the acceptance of school board scrip for taxes and electric light bills because it was legal tender and contrary to the law. Council accepted this opinion at the close by its 5-2 vote rejecting the scrip.

The turning down of this also meant the refusal of council to grant the local board of education a loan of \$10,000. The certificate of indebtedness which the board was to give council for the loan was found to be unlawful by Solicitor White's opinion. Council held no public discussion on the requested loan and no direct action on it was taken.

A discussion on the scrip proposition was held by council and the merchants following the reading of Solicitor White's opinion. Councilmen McGillicy and Tillia and the local merchants argued that the thing was only an opinion which differs with other attorneys. The school attorney, Mr. Moffatt, in an opinion given the local board of education recently, stated that the board had authority to issue the scrip and that it was properly legal.

Solicitor White's opinion to council was as follows:

My Dear Sir: You have asked me for my opinion as to the right of the borough of Ellwood City to accept scrip issued by the school district of Ellwood City in payment of taxes and in payment for electricity. I have submitted this opinion to Mr. Humphrey before sending it to you and have asked him to make any comments on it that he desires.

"A tax collector has no right to receive anything in payment of taxes except legal tender money, and the lien of the taxes will not be discharged except by such payment on tender." Nutting vs. Lyn, 18 Sup. Ct. 59 (63).

The act of Assembly requires, in section 1061 of the act, that the tax collector shall give bond for the collection of the whole tax duplicate and, if anything is accepted by him other than money, it is not a payment of the taxes and he is liable, his bondsman is liable and the property is still subject to the lien of the taxes.

The constitution of Pennsylvania provides, in article 9, section 7, that no power may be granted by the General Assembly to a municipality to lend its credit to any corporation, etc., and this would mean to any municipal corporation. A municipality can do only those things which the General Assembly empowers it to do, either directly or by implication, and there is no power given to boroughs to lend credit to any other municipality, nor could such power be given to it under the constitution.

It might be very practical now for one municipality to help another, or for a borough to help its school district, but the power to do so has been withheld and it is my opinion that nothing can be accepted in payment of taxes except legal tender, that is, cash. I know the council probably feels they would like to provide for the collection of the taxes by payment of scrip issued by the school board, but the trouble is they are powerless to do and any attempt on their part to do so would be a useless gesture, although it might involve them individually in very serious trouble.

was stipulated, in section 1 thereof, that a municipal claim, as used in that act, shall mean, among other things, a claim filed to recover for water rents, lighting rents or sewer rents, so that it is my opinion that lighting rents are a form of a special taxation and that they must be paid in legal tender.

I feel it is very important at this time that some governmental aid be given to the school district to assist it in its finances but the borough is powerless to do that and no other suggestion now occurs to me, except that it might be possible for the school district, under the acts of Assembly and of congress, to apply for federal assistance.

Respectfully submitted,
ROBERT M. WHITE,
JOS. HUMPHREY,
Boro Solicitor.

Plan To Sell Bank Bonds For Funds

Resolution Passed To Recover Money Deposited In First National Bank

ELLWOOD CITY, June 3.—First steps for the recovering of public funds deposited by the Borough of Ellwood City in the defunct First National Bank of this city, were taken by council at a special meeting in the city building last night.

A resolution to this effect was presented by the Finance Committee, headed by G. H. Morrison, and passed by council. The resolution also included the rendering of a formal notification to R. W. Wylie, receiver of the bank, of Council's decision. Mr. Wylie will be notified by the public funds entrusted to the defunct bank to the Borough Treasurer R. R. Wilson. The funds can be paid by bond and must include interest. If this is not complied with in 15 days the issuing of the notice council will authorize the Union Trust Company of New Castle to sell the bonds of the First National Bank in order to recover the funds of the Borough of Ellwood City. As much of the bonds will be sold as necessary to recover the public funds.

The matter was turned over to the Borough Solicitor Jos. Humphrey for final enactment.

Appropriate Fund For Playgrounds

Council Reverses Previous Decision And Gives \$300 For Local Playgrounds

Playground Commission To Be Requested To Reconsider Resignations Here

ELLWOOD CITY, June 3.—Reversing their decision of two weeks ago the Ellwood City Borough council voted unanimously to appropriate a sum of \$300 at a special meeting held in the city building last night for the purpose of operating four local playgrounds. The decision and vote followed a recommendation of the Finance Committee favoring it.

In connection with this Council heard a formal letter of resignation of the local Playground Commission composed of Mrs. Judd C. Turner, chairman, Mrs. Catherine M. Charles and R. G. Forbes. The resignations were turned in following Council's first decision of refusing the appropriation. They were not made public until last night, although the school board had received a similar action recently, which they refused to accept. Council took a like action last night.

Councilman M. A. Riley expressed the sentiments of the remainder of Council when he stated that in view of the creditable and notable work of the Playground Commission in past years, it is requested by council to reconsider its decision and continue the performance of its duties.

According to the plan of the Playground Commission the local playgrounds will be operated for a period of eight weeks instead of ten as in the past. There will be no expense except in the purchasing and repairing of equipment and a small salary of one superintendent. The two instructors for each playground have donated their services in exchange for college credits in physical education. The commission had asked for an appropriation of \$500 but will endeavor to operate on this reduced sum.

Six Directors Will Be Elected During Month By Chamber Of Commerce

PRIMARY BALLOTS NOW BEING MAILED

Election of directors is now being conducted by the New Castle Chamber of Commerce, the ballots for the primary election which will be held Thursday, June 15 having been mailed to the membership this morning.

Along with the primary ballots a roster of the membership of the chamber is also being sent, so that each member will have a complete list.

From the interest being shown in the election a heavy vote is expected to be cast.

The primary election will be conducted by a committee appointed by President L. G. Genkinger, consisting of L. W. McClung, city treasurer, chairman; James M. Smith Jr., assistant treasurer of the Shenango Pottery Company; John T. Offutt of the W. J. Offutt Company; D. O. Davies, city councilman and Paul S. Fisher of the Citizens National bank.

The primaries will close at noon on June 15 and the election will be conducted by the committee at 3:15 in the rooms of the Chamber of Commerce in the Greer Building.

Pinchot Signs Hospital Bills

Appropriations Are Made For Local Institutions By State

Individual bills for appropriations to hospitals and state aided institutions were signed today by Governor Gifford Pinchot. These bills show the total of moneys to be appropriated to the institutions provided the \$25,000,000 bond issue passes the people's approval in the November election. Yesterday an omnibus bill was signed which included about 25 per cent of the total appropriation. If the bond issue fails this much will be deducted from each appropriation.

The bill signed today for the Jameson Memorial hospital shows a total of \$28,000, which is the amount given in the biennium just closing. This may be an error, as the 25 per cent shown in the omnibus bill of yesterday was \$8,400. This would mean a total of \$36,400, which was the amount of the bill passed for the Jameson Memorial hospital.

The Margaret Henry Home gets an appropriation of \$1,000 by the bill signed today, the first time this institution has ever received aid from the state. The Ellwood City hospital is shown at \$2,200.

DUST NUISANCE AT TENNIS COURTS CAUSES COMPLAINT

Mrs. J. E. Elliott brought out the fact that residents in this district were annoyed by the courts in use there, not because of noise but because of dust. The matter was referred to S. G. Lago, superintendent of buildings and grounds for investigation and action.

Have Hard Work Raising Money To Secure Licenses

Still 22 Retail And 10 Wholesale Applicants Who Have Not Paid

County Treasurer William O. Pitts announced this morning that there are twenty-two applicants for retail license, who have not yet paid the license fee, necessary to get their permits.

In the wholesale division there are ten who have not yet secured their licenses. So far 96 retail and 33 wholesale licenses have been issued.

It is said that the delay on the part of some to take out their licenses has been due to inability to get hold of the money to pay the fee. It is believed that some may not take out licenses at all.

One week from today is the time limit set within which the licenses can be taken out. After June 10 the applications will be cancelled.

Old Tyme Program Fills Second Church

Repetition Of Songs And Pictures Of Long Ago Fills Church For Second Time

Every available seat and all the standing room at the Second United Presbyterian church was filled Friday evening, when for the second time Mrs. W. J. Caldwell presented "Ye Old Tyme Singers" in an old tyme program of songs and pictures. Each number on the program met with instant success again and the enthusiasm of the audience ran high as they viewed the old fashioned setting and old fashioned costumes of the singers as they grouped themselves around the little old organ at which Kathryn Nesbitt Allen sat as she accompanied the various numbers, the piano accompanist was Katherine McMillin, both wearing costumes in keeping with the program.

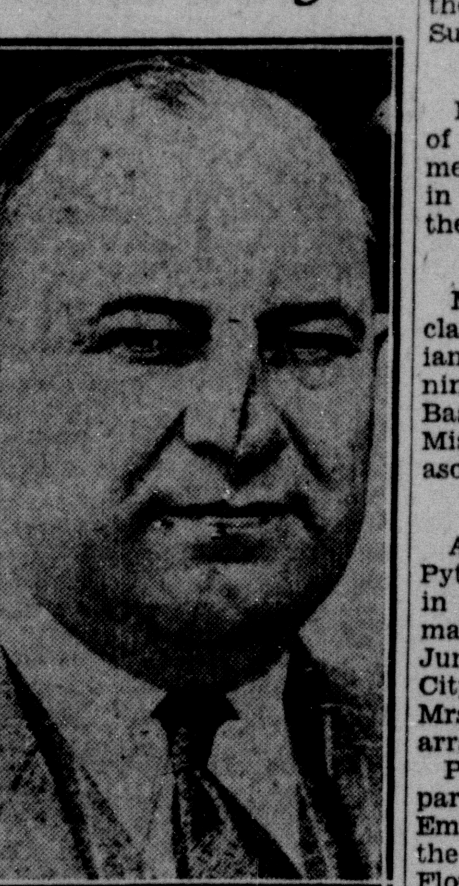

During the evening the fiddlers: E. G. Reiber and Robert McCreary, with Sam McCreary at the piano, added much to the zest of the program.

The living pictures, which were in charge of Marian Campbell, were one of the outstanding features of the program and aroused much applause from the crowded house.

The stage management was in the hands of Calvin English, Brice McGeehan and Fred Warner and everything moved without a hitch. To Miss Margaret Reiber goes the credit for gathering up all the old lamps, what nots and furniture which made the setting most authentic to the time represented and to Miss Frances McClaren who aided in staging the affair.

Miss Frances Geddes of the Public Library aided in the old English wording and style of the program.

Board To Meet On Selection Of New Teachers

Dr. Green Suggests Aid Of Board In Making Any Selections

Before the next regular meeting of the New Castle School Board, the board will meet as a Committee of the Whole to go over the list of applicants for positions and endeavor to pick out what few new teachers will be employed the coming year.

The motion to hold such a meeting came as the result of a request from Dr. C. C. Green, superintendent of schools. He said, "this year we are confronted with an unusual situation. Never were there so many applicants for positions, and never were there so many splendid young men and women applying. They are qualified and are excellent material for any school system, but only a few can be selected."

I am perfectly willing to shoulder all the responsibility of selecting the ones we want, but because there has been so much zeal in the quest for positions, because the board members undoubtedly have their own ideas in the matter, I would suggest a meeting of the board as a Committee of the Whole. By this means the board can scan the list of applicants, decide what they want and then act on them in the regular meeting.

There will be few new teachers elected for the coming year. At the present time there appears to be not more than ten vacancies likely. For these ten positions Dr. Green has a list of applicants approximately 800.

NEW YORK, June 3.—If Connie Mack fails to win the American league pennant this year he can place the blame squarely on the shoulders—or rather the head and arm—of Rabbit McNair, his regular shortstop.

Rabbit lost his head the first day in training camp this spring and began burning throws across the diamond with midsummer zest. His outraged arm has been sore ever since. Meanwhile the errors of Ed Cihocki, McNair's understudy, have cost the Athletics about ten ball games.

Cihocki Yanked.

The A's would have beaten the league-leading Yankees easily yesterday but for sloppy play by Cihocki and a wild heave by "Rubber Arm" Grove, baseball's new iron man. Although he wasn't charged with an error, Cihocki helped the Yankees to two runs in the first inning by messing up a grounder and losing a pop fly in the sun. A few minutes later Mr. McGillicuddy yanked him.

In the eighth inning Grove, called upon for relief duty for the ninth time in Philadelphia's last 11 games, became the pitcher who went to the well once too often. He was nicked by a single by Pinch Hitter Ruffing for a single, the score, and then uncorked a wild pitch that let in another run and staked the Yankees to a 5 to 4 victory. The champions have captured all five of their clashes this season.

Gomez Wins.
Vernon Gomez, star New York southpaw, who was credited with the victory, has won five of his last ten starts against the A's. He struck out 13 men in his eight innings on the mound, setting a new high mark for the American league this year and equalling Carl Hubbell's season's record in the National league. Williams and Bishop nicked him for homers while Crossett hit one for the Yankees.

Why Manager Joe McCarthy of the Yankees fears Cleveland was demonstrated when Hildebrand and Harder handcuffed St. Louis in a twin bill, 2 to 1 and 1 to 0. Hildebrand yielded only four hits and Harder six.

The Browns have collected a grand total of 13 hits off Cleveland's great staff of right-handers.

Peck Is Pleased.
Roger Peckinpah, manager of the Indians, was pleased when Johnny Burnett drove in a run in each game yesterday. Peck has been asking his job by using Burnett at shortstop instead of Bill Knickerbocker, the rookie favored by the front office.

The Indians tied Washington for second place, the A's dropping to fourth. The Senators massacred the Red Sox 8 to 3, collecting 13 hits.

Marvin Owen had a perfect day in a run in each game yesterday. Ed Brandt held Brooklyn to five hits in the opener and won in a romp, 6 to 1. In the nightcap Ray Benge chalked up his first triumph of the year for the Dodgers, 7 to 2.

Other clubs were not scheduled.

Henry Firpo Wins In Detroit Bout

Henry Firpo, former New Castle boxer, won from Fritz Heinz of Saginaw, Mich., last night at Detroit, Mich., in a 10-round bout. Firpo is now listed as a light heavyweight boxer.

Simmons has 40,278 votes to 38,151 for the Babe. Averill of Cleveland was less than 2,000 ballots behind Ruth.

Lou Gehrig was out in front of Jimmy Fox by 20,000 in the balloting for first base while Lefty Grove of Philadelphia apparently had the hurling honors clinched.

Muldoon Taken By Death Today At Purchase, N. Y.

William Muldoon, Grand Old Man Of New York State Boxing Commission Dies

ONCE HANDLED
JOHN L. SULLIVAN

(International News Service)
PURCHASE, N. Y., June 3.—Wm. Muldoon, 88 year old dean of the New York state athletic commission died at his home at 4:40 this morning.

Muldoon had been gradually failing in health for the last two years. Only a few days ago he celebrated his birthday but was too weak to give out his annual interview on health and sports.

He had lost weight rapidly within the last year and appeared only a shadow of the man who was once a famous wrestler and who handled John L. Sullivan.

Reider And Cuba Through At Pitt

When the Pitt university 1933 graduating class steps up to get the coveted diplomas on Wednesday, June 7, two former New Castle high football and basketball stars will be among them—Captain Paul "Bulldog" Reider and Paul Cuba. Both boys have played their last collegiate football game.

New Castle was signally honored this past season by having two boys on the Pitt varsity football team.

Altogether, Pitt loses 24 fine athletes. Football is the heaviest hit, ten being through. Warren Heller, all-American halfback, is among the football graduates.

HERE AND THERE IN SPORTS' LAND

Jimmy Foulis of Chicago and George Von Elm turned in par-lashing totals of 70 in the first 18 holes of the \$5,000 St. Paul golf championship yesterday.

Frankie Goosby will meet Vince Dundee, the Baltimore middleweight, next Thursday at Pittsburgh, in a 10-round bout. Goosby won over Mickey Solomon before the latter hung up the gloves.

Otto Von Porat has not forgotten how to use his right hand, judging from the returns from Minneapolis. Otto knocked out Dick Daniels in the second round.

Equipose and Questionnaire will match strides for the first time in the 40th running of the Metropolitan mile at Belmont Park. Equipose is favored to win.

GOLF FACTS NOT THEORIES

By ALEX. J. MORRISON
Central Press Association

ALWAYS USE WIDE-FACED IRON WHEN PLAYING OUT OF ROUGH OR HAZARD.

Always use wide-faced iron when playing out of rough or hazard. ALEX. MORRISON says: Too many players make the mistake of using a wood club or an iron club with a rather narrow face to get a ball out of long grass or a sand trap.

There is small chance of playing a successful shot with such clubs and even when the player gets away with it he is no better off than when he uses the proper club, which is a wide-faced iron. Don't bank on a lucky break in any shot!

Always play with a margin of safety.

Von Elm-Foulis Golfing Leaders

(International News Service)
ST. PAUL, June 3.—Two new pretenders to golfing glory and several local favorites defied the old guard today as the St. Paul \$5,000 open swayed into its second 18 hole round.

But the popular opinion was that when the firing ends Sunday evening after the final 36 hole round, it would still be a member of the old guard that would be champion.

George Von Elm shaved two strokes off the par 72 of Keller course. But he was forced to share the lead as Jim Foulis of Hinsdale, Ill., bounding in with a pair of 35's himself.

Trailing by two strokes was Archie Hambrick, diminutive Zanesville, O., pro who won the driving contest on the opening day.

Bracketed with 73 strokes were two Ryder cup team members, Walter Hagen and Paul Runyon, and two local players, Les Bolstad and Leonard Mattson.

CHICAGO, June 3.—The quest for the horse season's 3-year-old champion goes on today in the World's Fair American derby at Washington Park.

Market Trading Pace Enormous

Profit-Taking Has Some Effect On Prices During Morning

(International News Service)

NEW YORK, June 3.—The stock market's wild uprush was halted by a wave of profit-taking today. The bulls tried to keep the boom going by rallying behind the rails, utilities, pacing shares and amusement issues. They were able to bring gains of as much as five points in some of these issues, but this failed to carry the rest of the list along.

Leaders of yesterday's spectacular uprush like Allied Chemical, DuPont and American Telephone suffered losses running to three points in short order. The oils were especially weak on the defeat of the administration move to include petroleum control in the industrial stabilization bill.

Trading continued at an enormous pace and the high speed ticker fell 15 minutes behind. Initial blocks ran to 12,000 shares. Adding to the unsettlement were rumors that the administration was beginning to look askance at the recent wild speculation in all markets. This was responsible for a sell-off in commodities and brought sympathetic pressure on stocks.

The rails gave ground with the rest later and the whole market displayed one of the most reactionary tones in weeks.

Cotton slumped 50 cents a bale after a firm opening, while wheat and silver were lower. Speculative bonds continued to forge ahead in the bond market. The dollar was easier against foreign currencies.

Steel common led a number of issues to new highs in the early buying rush, but gave ground swiftly later as the heavy selling started.

Farm stocks slumped, losses running to two points as grains were under pressure. The rails met sup. U. S. Rubber. 13 1/2.

Gold stocks were firm, while the coppers weakened with the rest.

Reed Angered By Veterans' Cuts

Places Entire Blame At Doors Of President Roosevelt For Injustices

TOTALLY DISABLED VETERANS SUFFER

By ARTHUR C. WIMMER
Special Washington Correspondent
Washington, D. C., June 3.—

Thoroughly angry over the severe slashes in compensation to veterans with service-connected disabilities, Senator David Reed of Pennsylvania is laying the cause of such economies squarely at the door of President Roosevelt.

Administration spokesmen have been trying to defend the president from the wave of criticism sweeping the country as a result of the veterans' cuts by blaming the drastic reductions on the veterans administration. Mr. Reed, however, blames nobody but Roosevelt.

"It was the regulations promulgated by the president which forced these reductions in payments to veterans with service-connected disabilities," Senator Reed declares. "When we are looking for responsibility it is well to remember that the Veterans Administration cannot be blamed for all that has been done under the economy act."

Senator Reed referred to a Pennsylvania veteran with one leg shot off and the other so permanently hurt he has lost the use of it, as an illustration of the injustices which have resulted from the Roosevelt economy plan.

"He has been classified since his discharge from the army as permanently totally disabled," Reed declared. "There is no room for discretion in the veterans administration; the buck cannot be passed to them because the service connection is as plain as can be. It was an enemy shell that took his leg off."

"The degree of the injury is plain for anybody to see, so that what happened cannot be blamed on the discretion of the veterans administration. Yet that man, under the regulations recently issued, has been reduced from \$100 a month to \$40 a month, and he has a note in his pocket to prove it."

U.S. Chamber Of Commerce Head Is Optimistic

Believes Country Emerging From Depression In Better Condition Industrially

(International News Service)

PITTSBURGH, June 3.—H. I. Hartman, president of the Chamber of Commerce of the United States, today was on record with the optimistic statement that the country is emerging from the depression into a better conditioned plan of social life than ever before in its history.

Hartman spoke before bankers and executives at a dinner in the Duquesne Club last night. He declared that trade practice agreements which may be made by industries under the provision of the industrial recovery bill will be essential to eliminate sweatshop conditions and ruinous competitive practices.

Carriers Must Not Abuse Equipment

Postmaster MacNab Urged To Economize In Satchels And Straps

By ARTHUR C. WIMMER
Special Washington Correspondent
Washington, D. C., June 3.—

New Castle's letter carriers had better watch their leather satchels and tie straps unless they wish to incur the wrath of Uncle Sam.

Along with all other postmasters, Postmaster MacNab of New Castle has just been sent an order by the Post Office Department directing him to reduce as much as possible requisitions for new satchels and tie straps. The department says too many straps and satchels are lost and too many discarded before they are fully worn out.

The department says that in some cases the leather satchels have been used for fifteen years, and describes this condition as "commendable." The department directs postmasters to see that satchels and straps are ordered only when necessary and made serviceable when such may be done at a small cost.

ALCOHOL EFFECTS UNCHANGED

Health education is one of the fundamentals in modern education. The laws of the commonwealth of Pennsylvania require that this subject be taught with special reference to the use of alcoholic drinks and narcotics. The cumulative experience of the human race and scientific research establish the importance of this requirement in any scheme of public education.

The eighteenth amendment to the Constitution of the United States represents a triumph for the public schools and other organizations which have persistently taught the evils of the liquor traffic and the dangers of alcoholic beverages.

In periods of great economic stress there is a tendency among many people to surrender even sound principles if such an action offers a hope of some temporary advantage. It is the business of educational institutions to stand firmly for their ideals regardless of the storm which rages about them. The economic disaster which we are now experiencing has not changed the effects of alcohol upon the human body and it has not changed the attitude of the public schools toward this problem. The eighteenth amendment should be sustained.

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

Since the need for a good five cent cigar was filled there have been a number of things this county needs. Silencers for radios after eleven, clock splash boards for grape fruit, and an ink remover for cancelled postage stamps. And something should be done about paint buckets that attract people's feet.

What we mean is some kind of a paint bucket that sounds a warning when a person steps backward towards it, thus insuring a fellow some protection against ruined shoes and socks, and dispositions. Putting the paint bucket in a place where it can't be stepped into might help, but until amateur painters do this, the need for some warning signal remains.

It happened last night on the East Side. A lad was painting a cellarway a rich verdant green, a green suggestive of meadows and wheat fields and the spring and all that sort of thing. He needed a ladder to get to some spots high on the
